

# 四级真题中的从句-晓语助手

(<https://encopilot.com/>)

## 1. 名词从句

在英语语法中，名词从句（noun clause）是一个从句，它在句中充当名词的功能。名词从句可以作为句子的主语、宾语、表语和同位语，也可以用在介词后面作为宾语。名词从句通常由连接词如“that”，“what”，“who”，“whether”，以及“how”等引导，这些词使得从句在句中充当一个名词的角色。

### 1.1. 主语从句

主语从句（subject clause）是一种特定类型的名词从句，它在句子中扮演主语的角色。主语从句常常由连接词如“that”，“what”，“who”，“whether”，“how”等引导，这些词帮助引入从句并明确其在句中作为主语的功能。主语从句可以出现在谓语动词之前，也有时为了避免头重脚轻的句子结构，可以使用形式主语“It”来代替主语从句的位置，而将实际的主语从句置于句末。

| 编号 | 句子                                                                                                                                                                                                                                                                             |
|----|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 1  | <b>What we call multitasking</b> , therefore, is in reality the ability to move more or less quickly from one task to another. [我们所说的多任务处理，其实是从一个任务快速切换到另一个任务的能力。] (2023 年 12 月第二套)                                                                                            |
| 2  | It is important to keep in mind <b>that personal space varies depending on culture and context</b> . [需要记住的是，个人空间因文化和情境而异。] (2023 年 12 月第二套)                                                                                                                                   |
| 3  | It is urgent <b>that schools teach kids how to verify online information</b> . [学校迫切需要教孩子们如何验证网上信息。] (2023 年 12 月第二套)                                                                                                                                                          |
| 4  | It is probably true <b>that fewer kids are heavy readers compared with two generations ago, when cheap paperbacks boosted rates of reading</b> . [可能确实有更少的孩子是重度读者了，相比两代人之前，那时廉价的平装书提高了阅读率。] (2023 年 12 月第二套)                                                                   |
| 5  | It's also true <b>that too much social networking and game playing can cut into schoolwork and sleep</b> . [确实，过多的社交网络和游戏会影响学业和睡眠。] (2023 年 12 月第二套)                                                                                                                           |
| 6  | <b>What we have not yet understood</b> is the way the tiny machines in front of us are changing our skeletons, possibly altering not just the way we behave but even the very shape of our bodies. [我们尚未理解的是，眼前这些微小的机器正在如何改变我们的骨骼，可能不仅改变我们的行为方式，甚至改变我们身体的形状。] (2023 年 12 月第二套) |
| 7  | <b>What impresses me most in the university</b> is the colorful club activities, each offering unique experiences and fostering diverse interests. [令我印象最深刻的是大学里丰富多彩的社团活动，每个社团都提供独特的体验并培养多样                                                                                    |

|    |                                                                                                                                                                                                                                |
|----|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
|    | 的兴趣。](2023 年 12 月第二套)                                                                                                                                                                                                          |
| 8  | It is predicted <b>that climate change will affect the availability and price of quality chocolate</b> . [据预测, 气候变化将影响优质巧克力的供应和价格。](2023 年 12 月第二套)                                                                            |
| 9  | <b>How those decreases will be felt</b> will depend on the degree of . [那些减少的影响将取决于 的程度。](2023 年 12 月第二套)                                                                                                                      |
| 10 | " <b>What 's common to all studies</b> is the finding that extreme heat is damaging to crop growth , although exact cutoffs vary by crop , " Schlenker says . [“所有研究的共同点是发现极端高温对作物生长有害, 尽管具体的临界值因作物而异, ”施伦克说。](2023 年 12 月第二套) |
| 11 | Nevertheless , while the woman 's intention was to feed birds , it is clear <b>that rats were also benefiting</b> . [尽管如此, 虽然那位女士的意图是喂鸟, 但显然老鼠也从中受益。](2023 年 12 月第二套)                                                          |
| 12 | " But <b>what makes you a competent lion dancer</b> is that there 's a sense of imagination involved . [但使你成为一名合格的舞狮者的是其中包含的一种想象力。](2023 年 12 月第二套)                                                                            |
| 13 | It seems clear <b>that this principle applies to men , as well</b> . [这条原则显然也适用于男性。](2023 年 12 月第二套)                                                                                                                           |

## 1.2. 宾语从句

宾语从句 (object clause) 是一种名词从句, 它在句子中充当动词、介词或某些形容词的宾语。宾语从句通常由一系列特定的连接词引导, 例如“that,” “what,” “who,” “whom,” “whether,” 和 “how” 等。这些连接词有助于将从句整合进主句, 使其在句中承担名词的角色。

|   |                                                                                                                                                                                                                                             |
|---|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 1 | Suppose <b>the university newspaper is inviting submissions from the students for its coming edition on the recent development in their hometown</b> . [假设大学报纸正在邀请学生为即将出版的版本提交关于他们家乡最近发展的文章。](2023 年 12 月第二套)                               |
| 2 | A number of studies have looked at <b>how family life can affect productivity and satisfaction in the workplace</b> . [许多研究已经探讨了家庭生活如何影响工作场所的生产力和满意度。](2023 年 12 月第二套)                                                                      |
| 3 | Most fathers admitted <b>that even during their paternity leave they actually did much less childcare than the mother</b> . [大多数父亲承认, 即使在他们的陪产假期间, 他们实际上也比母亲做的育儿工作少得多。](2023 年 12 月第二套)                                                     |
| 4 | One survey indicated <b>there is now less objection to paternity leave</b> . [一项调查显示, 现在对陪产假的反对意见减少了。](2023 年 12 月第二套)                                                                                                                      |
| 5 | Compared to five years ago , according to one researcher , many more people said <b>their organization gave the same support to men and women taking parental leave</b> . [与五年前相比, 据一位研究人员称, 更多的人表示他们的组织对男性和女性休产假提供了同样的支持。](2023 年 12 月第二套) |
| 6 | One study finds <b>that even workers who claim to desire gender equality stick to traditional gender roles both at work and at home</b> . [一项研究发现, 即使那些声称渴望性别平等的工人, 在工作和家庭中仍然坚持传统的性别角色。](2023 年 12 月第二套)                                    |

|    |                                                                                                                                                                                                                                                                                                                                                                                                                                              |
|----|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 7  | The majority of workers surveyed said <b>parental leave policies had improved workplace culture</b> . [大多数受访员工表示，育儿假政策改善了工作场所文化。] (2023 年 12 月第二套)                                                                                                                                                                                                                                                                                           |
| 8  | Research by the Boston College Center for Work & Family , which surveyed new parents at four large US companies who were qualified for taking at least six weeks paid parental leave , found <b>that 81 % of the 1,240 employees surveyed said the notion of fathers taking leave has become more acceptable</b> . [波士顿学院工作与家庭中心对四家大型美国公司的新父母进行调查，这些父母有资格享受至少六周的带薪育儿假。调查发现，在接受调查的 1,240 名员工中，有 81%的人表示，父亲休育儿假这一观念变得更加可以接受。] (2023 年 12 月第二套) |
| 9  | Of those surveyed,62 % of fathers took the maximum amount of time off compared to 93 % of mothers , and around three - quarters of workers said <b>their employer was equally supportive of mothers and fathers taking parental leave</b> and over half said leave policies had made workplace culture better . [在接受调查的人中，62%的父亲休了最长的假期，而 93%的母亲休了最长的假期，大约四分之三的员工表示，他们的雇主同样支持父母双方休育儿假，超过一半的员工表示，育儿假政策改善了工作场所文化。] (2023 年 12 月第二套)            |
| 10 | Brad Harrington , executive director of the center and lead author of the study , estimates <b>only 20% to 30% of companies in the US offer paid parental leave</b> . [布拉德·哈灵顿是该中心的执行主任和该研究的主要作者，他估计美国只有 20%到 30%的公司提供带薪育儿假。] (2023 年 12 月第二套)                                                                                                                                                                                               |
| 11 | He feels <b>the research findings reflect an obvious change in corporate attitudes to new fathers taking time off</b> . [他认为研究结果反映了公司对新晋父亲休假的态度发生了明显变化。] (2023 年 12 月第二套)                                                                                                                                                                                                                                                                    |
| 12 | I did not expect 80% of people to say <b>the organization finds dads taking this leave acceptable</b> and three - quarters to say it 's equally supportive of women and men taking leave , " Harrington said . [我没想到 80%的人会说该组织认为爸爸们休这种假是可以接受的，四分之三的人会说它同样支持女性和男性休假，"哈灵顿说。] (2023 年 12 月第二套)                                                                                                                                                 |
| 13 | The previous study found <b>that nearly three - quarters of fathers saw two to four weeks as an appropriate duration for paternity leave and 76 % said they would prefer not to take all their time off at once</b> . [之前的研究发现，近四分之三的父亲认为两到四周是合适的陪产假时长，76%的父亲表示他们不希望一次性休完所有的假期。] (2023 年 12 月第二套)                                                                                                                                            |
| 13 | However , the study also shows <b>how traditional gender roles endure both at work , where more women than men reported changes in their perceived career potential , and at home — even among workers who claim to have a strong desire for equality</b> . [然而，研究还表明，传统的性别角色在工作和家庭中依然存在——即使在那些声称强烈渴望平等的工人中也是如此。在工作中，更多的女性比男性报告了她们对职业潜力的看法发生了变化。] (2023 年 12 月第二套)                                                                           |
| 15 | The vast majority of men , 97% , said <b>one of the top reasons to take leave was to share caregiving with their partner</b> . [绝大多数男性（97%）表示，休假的主要原因之一是是与伴侣共同分担照顾责任。] (2023 年 12 月第二套)                                                                                                                                                                                                                                                      |
| 16 | But when they were asked about <b>how caregiving and household tasks were divided</b> , their answers painted a different picture . [但是当他们被问及如何分配照顾和家务任务时，他们的回答却描绘了一个不同的画面。] (2023 年 12 月第二套)                                                                                                                                                                                                                                                |

|    |                                                                                                                                                                                                                                                                                                         |
|----|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 17 | While about 75 % of employees said both genders should give the same amount of care , the majority of men and nearly half of women admitted <b>that in reality the female actually did most of it</b> . [虽然大约 75%的员工表示男女双方应该给予同等的照顾，但大多数男性和近一半的女性承认，实际上大部分照顾工作是由女性完成的。] (2023 年 12 月第二套)                |
| 18 | While about 75% of employees said <b>both genders should give the same amount of care</b> , the majority of men and nearly half of women admitted that in reality the female actually did most of it . [虽然大约 75%的员工表示男女双方应该给予同等的照顾，但大多数男性和近一半的女性承认，实际上大部分照顾工作是由女性承担的。] (2023 年 12 月第二套)                 |
| 19 | Of the women surveyed , 32% reported a downturn in their job satisfaction , while 14 % said <b>it increased</b> . [在接受调查的女性中，32%表示她们的工作满意度下降了，而 14%表示满意度有所提高。] (2023 年 12 月第二套)                                                                                                                         |
| 20 | In comparison , 17 % of men said <b>their job satisfaction went down</b> and 20 % said it went up . [相比之下，17%的男性表示他们的工作满意度下降了，20%表示工作满意度上升了。] (2023 年 12 月第二套)                                                                                                                                          |
| 21 | In comparison , 17 % of men said their job satisfaction went down and 20 % said <b>it went up</b> . [仔细思考真正重要的事情。](2023 年 12 月第二套)                                                                                                                                                                                                                                                     |

### 1.3. 表语从句

表语从句 (predicative clause) 是一种名词从句，它在句子中作为系动词后的表语使用。系动词如“be”、“seem”、“look”等连接主语与表语，而表语从句则进一步描述或定义主语。这种从句通常由“that”、“what”、“who”、“whether”等词引导。

| 编号 | 句子                                                                                                                                                                                                                |
|----|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 1  | This is <b>precisely why parents still need to set firm boundaries around it , as with any other distraction</b> . [这正是为什么父母仍然需要像对待其他干扰一样，对其设定明确的界限。](2023 年 12 月第二套)                                             |
| 2  | This seemingly easy question is <b>what drives the need to understand the relationship between instincts and data in the decision - making process</b> . [这个看似简单的问题正是促使我们需要理解在决策过程中本能与数据之间关系的原因。](2023 年 12 月第二套) |
| 3  | One consequence of climate change is <b>that some people may not have adequate access to certain foods</b> . [气候变化的一个后果是一些人可能无法获得足够的某些食物。](2023 年 12 月第二套)                                                        |
| 4  | The disadvantage , obviously , is <b>that local farmers will suffer under this situation</b> . [显然，缺点是当地农民将在这种情况下遭受损失。](2023 年 12 月第二套)                                                                           |
| 5  | That 's <b>what important people say</b> . [那是重要人物说的话。](2023 年 12 月第二套)                                                                                                                                           |
| 6  | That 's <b>what people who get promoted say</b> . [那就是那些被提拔的人所说的话。](2023 年 12 月第二套)                                                                                                                               |

|    |                                                                                                                                                                                                                                                                                                                                               |
|----|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 7  | That 's <b>why we feel like we have to appear busy</b> , and there 's a real perception that if someone is knee - deep in meetings , emails , and stress , then they 're probably a big deal . [这就是为什么我们觉得自己必须显得很忙, 而且人们普遍认为, 如果某人忙于会议、邮件和压力, 那么他们可能是个重要人物。] (2023 年 12 月第二套)                                                                 |
| 8  | " But what makes you a competent lion dancer is <b>that there 's a sense of imagination involved</b> . [但使你成为一名合格的舞狮者的是其中包含的一种想象力。] (2023 年 12 月第二套)                                                                                                                                                                                          |
| 9  | The question is <b>how to apply them effectively to strengthen an entire collective , which is more than just the sum of individual relationships</b> , " said Dr Matous . [问题在于如何有效地应用它们来加强整个集体, 而不仅仅是个体关系的总和, "马图斯博士说。] (2023 年 12 月第二套)                                                                                                    |
| 10 | Our question today is <b>why friends suddenly disappear</b> . [我们今天的问题是为什么朋友会突然消失。] (2023 年 12 月第二套)                                                                                                                                                                                                                                          |
| 11 | That is <b>what hooked Carey</b> , and he said he thought his experience was not unusual . [那正是吸引凯里的地方, 他说他认为自己的经历并不罕见。] (2023 年 12 月第二套)                                                                                                                                                                                                     |
| 12 | One benefit of this change is <b>that students will not fall victim to the " summer slide , " or the well - documented phenomenon where students forget some of the knowledge they have acquired when too much time is taken off from school</b> . [这种变化的一个好处是, 学生们不会成为“暑期滑坡”的受害者, 即当学生离校时间过长时, 他们会忘记一些已经掌握的知识, 这种现象已被充分记录。] (2023 年 12 月第二套) |
| 13 | The problem with this argument is <b>that most children are n't playing outside or even spending time with other kids</b> . [这个论点的问题在于大多数孩子并没有在外面玩耍, 甚至没有和其他孩子一起玩。] (2023 年 12 月第二套)                                                                                                                                                          |
| 14 | That 's <b>what happened on the German island of Langeoog this week</b> . |    | 第二套)                                                                                                                                                                                                                                                                                                                                                                                                                                               |
| 19 | Most important , there is a growing recognition <b>that people who balance work and play , and who work at what they are passionate about , are more focused and productive , delivering greater value to their clients</b> . [最重要的是, 人们越来越认识到, 那些在工作和娱乐之间取得平衡, 并且从事自己热爱的工作的人, 更加专注和高效, 能够为客户提供更大的价值。] (2023 年 12 月第二套)                                                                                                                            |
| 20 | So far , our studies have yielded one main insight : Students ' beliefs about change — their beliefs about whether people are stuck one way forever , or <b>whether people can change their personalities and abilities</b> — are related to their ability to cope , succeed academically and maintain good mental health . [到目前为止, 我们的研究得出了一个主要见解: 学生对变化的信念——他们是否认为人们会永远保持一种状态, 或者人们是否可以改变他们的性格和能力——与他们应对能力、学业成功和保持良好心理健康的能力有关。] (2023 年 12 月第二套) |
| 21 | Past research has called these beliefs " mindsets , " with a " fixed mindset " referring to the belief <b>that people can not change</b> and a " growth mindset " referring to the belief that people can change . [过去的研究将这些信念称为“心态”, 其中“固定心态”指的是人们不能改变的信念, 而“成长心态”指的是人们可以改变的信念。] (2023 年 12 月第二套)                                                                                                                                                 |

## 2. 定语从句

定语从句 (adjective clause) 也被称为关系从句 (relative clause), 是一种用来修饰名词或代词的从句。这种从句直接跟随它所修饰的名词或代词, 并提供关于这一名词或代词的更多详细信息。定语从句能够增加句子的信息量, 使句子更加丰富和具体。定语从句通常由关系代词如“who”、“whom”、“whose”、“which”、“that”等引导, 或者使用关系副词如“where”、“when”等。这些引导词既起到了连接作用, 也担任了从句中的某个句子成分 (如主语或宾语)。

| 编号 | 句子                                                                                                                                                                                                                                                                                                                                                                                                                                              |
|----|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 1  | " Consider a scientist <b>who is a keen rock climber</b> , " says Kelly . [“想象一下一个热衷于攀岩的科学家, ”凯利说。] (2023 年 12 月第二套)                                                                                                                                                                                                                                                                                                                            |
| 2  | One study finds that even workers <b>who claim to desire gender equality</b> stick to traditional gender roles both at work and at home . [一项研究发现, 即使那些声称渴望性别平等的工人, 在工作和家庭中仍然坚持传统的性别角色。] (2023 年 12 月第二套)                                                                                                                                                                                                                                       |
| 3  | Research by the Boston College Center for Work & Family , <b>which surveyed new parents at four large US companies who were qualified for taking at least six weeks paid parental leave</b> , found that 81 % of the 1,240 employees surveyed said the notion of fathers taking leave has become more acceptable . [波士顿学院工作与家庭中心对四家大型美国公司的新父母进行调查, 这些父母有资格享受至少六周的带薪育儿假。调查发现, 在接受调查的 1,240 名员工中, 81% 的人表示, 父亲休育儿假这一观念变得更加可以接受。] (2023 年 12 月第二套) |

| 37 | There 's also a great night market further into town <b>that has all kinds of food and cool little shops selling souvenirs and local jewelry and clothing made by hand</b> . [镇上还有一个很棒的夜市，有各种各样的食物和很酷的小店，出售纪念品和手工制作的当地珠宝和服装。] (2023 年 12 月第二套) |
| 38 | Another role <b>that they are expected to take over</b> is negotiating on our behalf in commercial transactions or legal disputes . [另一个他们被期望承担的角色是代表我们在商业交易或法律纠纷中进行谈判。] (2023 年 12 月第二套)                                                      |
| 39 | Also , the mental health benefits were equal among participants <b>who were overweight or obese</b> , and those in a healthy weight range . [此外，心理健康的益处超重或肥胖的参与者和体重在健康范围内的参与者之间是相同的。] (2023 年 12 月第二套)                                         |
| 40 | We often think of it as an invisible bubble of space surrounding us <b>that others can't enter , without causing discomfort</b> . [我们经常把它看作是围绕着一个看不见的空间泡泡，别人不能进入，否则会引起不适。] (2023 年 12 月第二套)                                                    |

### 3. 状语从句

状语从句 (adverbial clause) 是一种从句，用来修饰动词、形容词或其他副词，提供关于时间、地点、原因、目的、条件等方面的额外信息。状语从句可以增加主句的描述性和详绘性，使整个句子的意义更加丰富和完整。状语从句通常由特定的从属连词引导，如“because,” “if,” “when,” “although,” “until,” 等。这些连词定义了从句和主句之间的关系以及从句在句子中的功能。

#### 3.1. 时间状语从句

时间状语从句 (time adverbial clause) 是一种特定的状语从句，用于说明主句中的动作发生的时间。这类从句通常由特定的从属连词引导，如“when,” “while,” “before,” “after,” “as soon as,” “until,” 等，来标明动作发生的具体时刻或时间段。

| 编号 | 句子                                                                                                                                                                                                                                                   |
|----|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 1  | But <b>when they were asked about how caregiving and household tasks were divided</b> , their answers painted a different picture . [但是当他们在被问及如何分配照顾和家务任务时，他们的回答却描绘了一个不同的画面。] (2023 年 12 月第二套)                                                       |
| 2  | They also need to recognize that men have to make significant adjustments <b>when they become parents</b> . [他们还需要认识到，男性在成为父母时也必须做出重大调整。] (2023 年 12 月第二套)                                                                                           |
| 3  | Derek Rotondo,35 , filed the discrimination charge against his company <b>after he was allegedly told by his HR department that mothers were considered primary caregivers</b> . [德里克·罗通多，35 岁，在据称被人力资源部门告知母亲被视为主要照顾者后，对公司提起了歧视指控。] (2023 年 12 月第二套) |
| 4  | But <b>before you go out and find an entrepreneur to outcompete</b> , it 's important to understand and avoid the traps that often come with rivalry . [但是在出去寻找一个企业家来竞争之前，重要的是要理解并避免竞争中常见的陷阱。] (2023 年 12 月第二套)                                      |

|    |                                                                                                                                                                                                                                                                                                                                                  |
|----|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 5  | But <b>when you 're intently focused on outperforming your rivals</b> , you may begin to develop a " win - at - all - costs " mentality that causes you to ignore how you achieve success . [但是，当你专注于超越对手时，你可能会开始形成一种“不惜一切代价赢得胜利”的心态，这会导致你忽视成功的方式。] (2023 年 12 月第二套)                                                                             |
| 6  | They found that <b>when people compete against their rivals</b> , they are more willing to behave unethically to win . [他们发现，当人们与对手竞争时，他们更愿意为了赢而不择手段。] (2023 年 12 月第二套)                                                                                                                                                                          |
| 7  | As soon as <b>two tasks require our attention</b> , productivity suffers . [一旦两个任务需要我们的注意力，生产力就会下降。] (2023 年 12 月第二套)                                                                                                                                                                                                                            |
| 8  | Participants were more willing to employ deceptive strategies <b>when assigned an agent to negotiate on their behalf</b> . [参与者在被指派代理人代表他们进行谈判时，更愿意采用欺骗策略。] (2023 年 12 月第二套)                                                                                                                                                                     |
| 9  | They still existed <b>six months after the course ended</b> . [他们在课程结束六个月后仍然存在。] (2023 年 12 月第二套)                                                                                                                                                                                                                                                |
| 10 | <b>When people set out to improve their health</b> , they usually take a familiar path : starting a healthy diet , getting better sleep , and doing regular exercise . [当人们着手改善健康时，他们通常会选择一条熟悉的道路：开始健康饮食、改善睡眠和进行定期锻炼。] (2023 年 12 月第二套)                                                                                                          |
| 11 | The child had taken the keys to the family car <b>while his teenage sister was napping</b> . [孩子在他十几岁的姐姐午睡时拿走了家里的车钥匙。] (2023 年 12 月第二套)                                                                                                                                                                                                          |
| 12 | <b>When you look at today 's digital activity</b> , the facts are much more positive than you might expect . [当你观察今天的数字活动时，事实比你预期的要积极得多。] (2023 年 12 月第二套)                                                                                                                                                                                       |
| 13 | Indeed , <b>as they get older and are given more freedom</b> , they often ease up on social networking . [确实，随着他们年龄的增长并获得更多的自由，他们往往会减少使用社交网络。] (2023 年 12 月第二套)                                                                                                                                                                                  |
| 14 | <b>As they gain experience with living online</b> , they begin to adjust their behaviour , struggling with new communication skills , as they do in the real world . [随着他们在网上生活的经验增加，他们开始调整自己的行为，像在现实世界中一样，努力适应新的沟通技巧。] (2023 年 12 月第二套)                                                                                                         |
| 15 | <b>When Stanford University scholar Andrea Lunsford gathered data on the rates of errors in " freshman composition " papers going back to 1917</b> , she found that they were virtually identical to today . [当斯坦福大学学者安德里亚·伦斯福德收集了自 1917 年以来“新生作文”论文中的错误率数据时，她发现这些错误率与今天几乎相同。] (2023 年 12 月第二套)                                                  |
| 16 | <b>When linguist Naomi Baron studied students ' instant messaging even there</b> she found surprisingly rare usage of short forms such as " u " for " you " , and as students got older , they began to write in more grammatical sentences . [当语言学家娜奥米·巴伦研究学生的即时通讯时，她发现像“u”代表“you”这样的缩写形式使用得出奇地少，而且随着学生年龄的增长，他们开始用更符合语法的句子书写。] (2023 年 12 月第二套) |
| 17 | And it turns out that <b>when they write for strangers</b> , their sense of " authentic audience " makes them work harder , push themselves further , and create powerful new communicative forms . [结果表明，当他们为陌生人写作时，他们的“真实观众”意识使他们更加努力，推动自己更进一步，并创造出强有力的新交流形式。] (2023 年 12 月第二套)                                                                |
| 18 | <b>When kids switch from chat to music to homework</b> , they are indeed likely to                                                                                                                                                                                                                                                               |

|    |                                                                                                                                                                                                                                      |
|----|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
|    | have trouble doing each task well . [当孩子们在聊天、听音乐和做作业之间切换时，他们确实可能难以做好每一项任务。] (2023 年 12 月第二套)                                                                                                                                         |
| 19 | For many horses this would mean the end of a racing career <b>before it even began</b> . [对于许多马来说，这将意味着赛马生涯在开始之前就已经结束了。] (2023 年 12 月第二套)                                                                                            |
| 20 | <b>When he returned in 1977 to try again</b> , he was largely regarded as past his prime . [当他在 1977 年再次尝试时，人们普遍认为他已经过了巅峰期。] (2023 年 12 月第二套)                                                                                        |
| 21 | He surprised sporting fans around the world <b>when he came in a remarkable 25 lengths ahead of the nearest horse , taking his third Grand National win</b> . [他以领先第二名马匹 25 个马身的惊人成绩赢得了他的第三个大国家杯冠军，这让全世界的体育迷们感到惊讶。] (2023 年 12 月第二套) |
| 22 | What did people generally think of Red Rum <b>when he returned to the racecourse in 1977</b> ? [人们在 1977 年红朗姆重返赛马场时普遍怎么看待他？] (2023 年 12 月第二套)                                                                                        |
| 23 | What became of Red Rum <b>after his career ended</b> ? [红朗姆在退役后怎么样了？] (2023 年 12 月第二套)                                                                                                                                               |
| 24 | He captured public affection <b>long before he won national titles</b> . [他在赢得全国冠军之前就已经赢得了公众的喜爱。] (2023 年 12 月第二套)                                                                                                                   |
| 25 | In the decision - making process , relying on instincts only makes sense <b>when you have a vast experience to support you</b> . [在决策过程中，只有在你有丰富经验支持的情况下，依靠直觉才有意义。] (2023 年 12 月第二套)                                                 |
| 26 | What should we do <b>when facing various factors that limit the practicality of data</b> ? [我们在面对各种限制数据实用性的因素时应该怎么办？] (2023 年 12 月第二套)                                                                                               |
| 27 | These pieces of bone are caused by the way people bend their heads <b>when they use the phone</b> . [这些骨头碎片是由于人们使用手机时低头的方式造成的。] (2023 年 12 月第二套)                                                                                     |
| 28 | What happens to the skin <b>when rubbed or pressed constantly</b> ? [皮肤在不断摩擦或按压时会发生什么？] (2023 年 12 月第二套)                                                                                                                             |
| 29 | Wilbur has his own Internet pages <b>as he approaches his 10th birthday on July , 7</b> . [威尔伯在接近 7 月 7 日他 10 岁生日时拥有了自己的网站。] (2023 年 12 月第二套)                                                                                        |
| 30 | I have n't been to a zoo <b>since I was a kid</b> . [我从小就没去过动物园。] (2023 年 12 月第二套)                                                                                                                                                   |
| 31 | They are nowhere near as popular as they used to be <b>when we were children</b> . [他们远不如我们小时候那么受欢迎。] (2023 年 12 月第二套)                                                                                                               |
| 32 | So , what have you been doing to stay busy <b>while you 've had that swollen ankle</b> ? [那么，你在脚踝肿胀期间都做些什么来保持忙碌呢？] (2023 年 12 月第二套)                                                                                                  |
| 33 | <b>When researching this book</b> , I interviewed hundreds of people who retired by 40 . [在研究这本书时，我采访了数百位在 40 岁前退休的人。] (2023 年 12 月第二套)                                                                                              |
| 34 | Maybe , but how can anyone save enough to retire by 40 <b>when most people ca n't retire at 60</b> ? [也许吧，但当大多数人 60 岁都无法退休时，怎么能有人在 40 岁时攒够钱退休呢？] (2023 年 12 月第二套)                                                                    |
| 35 | By retiring <b>when one reaches sixty years old</b> . [到六十岁时退休。] (2023 年 12 月第二套)                                                                                                                                                    |
| 36 | The same was true <b>when they were with some one from a different</b>                                                                                                                                                               |

|    |                                                                                                                                                                        |
|----|------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
|    | <b>university , compared to someone from their own</b> . [当他们与来自不同大学的人在一起时，情况也是如此，相比于与来自自己大学的人在一起。] (2023 年 12 月第二套)                                                   |
| 37 | These results remained <b>when researchers followed up six weeks later</b> . [这些结果在六周后研究人员进行跟踪调查时依然存在。] (2023 年 12 月第二套)                                               |
| 38 | But just remember that not all risks are good ones , and <b>when you fail</b> , learn from it and move forward . [但请记住，并不是所有的风险都是好的，当你失败时，从中学习并继续前进。] (2023 年 12 月第二套) |

### 3.2. 地点状语从句

地点状语从句（place adverbial clause）是一种状语从句，用于说明主句描述的动作发生的地点。这类从句通常由特定的从属连词引导，如“where,” “wherever,” 来标明动作发生的具体位置或场所。

| 编号 | 句子                                                                                                                                                                                                                                                                                          |
|----|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 1  | The concept does indeed come from the realms of technology , <b>where it is used to refer to an operating system that can execute multiple tasks at the same time</b> . [这个概念确实来自技术领域，在那里它被用来指代能够同时执行多个任务的操作系统。] (2023 年 12 月第二套)                                                           |
| 2  | This understanding also holds true in the business world , <b>where an organization 's stories , and the stories its leaders tell , help solidify relationships in a way that factual statements do n't</b> . [这种理解在商业世界中同样适用，在那里，一个组织的故事以及其领导者讲述的故事，以一种事实陈述无法做到的方式巩固了关系。] (2023 年 12 月第二套) |
| 3  | but rather than avoiding such conversations , let the debates be transparent and vigorous , <b>wherever they are held</b> . [但是，与其避免这样的对话，不如让辩论在任何地方都公开且激烈地进行。] (2023 年 12 月第二套)                                                                                                            |
| 4  | Ducks are birds that feed and breed in areas <b>where there is a lot of water</b> , but their habitats have been shrinking in recent decades because of the droughts . [鸭子是生活在水域丰富地区的鸟类，但由于干旱，它们的栖息地在近几十年里一直在缩小。] (2023 年 12 月第二套)                                                          |
| 5  | Pu'er tea is hugely popular among Chinese , the best of which is native to Xishuangbanna , Yunnan Province , <b>where climate and environment are the best for the growth of Pu'er tea trees</b> . [普洱茶在中国非常受欢迎，其中最好的产自云南省西双版纳，那里的气候和环境最适合普洱茶树的生长。] (2023 年 12 月第二套)                        |
| 6  | These variations are normal , and it 's more useful to think of life as something that is ever evolving and changing , rather than a high - risk enterprise <b>where things could go wrong with one misstep</b> . [这些变化是正常的，把生活看作是不进化和变化的东西，比把它看作一个可能因一步走错而出问题的高风险事业更有用。] (2023 年 12 月第二套)  |
| 7  | Anyway , I will support and help you as much as possible , <b>whichever city you go to</b> . [无论如何，无论你去哪个城市，我都会尽可能地支持和帮助你。] (2023 年 12 月第二套)                                                                                                                                                |
| 8  | It also watches for what 's called " close by hands " , <b>where both hands are close together near the top of the wheel</b> , so the driver can type with both thumbs and drive at the same time . [它还会监测所谓的“近手”，即两只手靠                                                                     |

|    |                                                                                                                                                                                                      |
|----|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
|    | 近方向盘顶部，这样司机可以用双手拇指打字并同时驾驶。](2023 年 12 月第二套)                                                                                                                                                          |
| 9  | A quantitative - based one , for example , is unlikely to be sent home , <b>where one could ask their older brothers and sisters to help</b> . [基于量化的作业，例如，不太可能被带回家，因为可以请他们的哥哥姐姐帮忙。](2023 年 12 月第二套) |
| 10 | Some birds migrate by flying to a warmer place for the winter , <b>where they can find more food</b> . [有些鸟类通过飞往温暖的地方过冬，在那里它们可以找到更多的食物。](2023 年 12 月第二套)                                             |
| 11 | Besides , It is really an honor for me to be your friend and I will cherish the goodwill you have showed to me <b>wherever I go</b> . [此外，能够成为你的朋友真是我的荣幸，无论我走到哪里，我都会珍惜你对我的善意。](2023 年 12 月第二套)       |

### 3.3. 原因状语从句

原因状语从句 (cause adverbial clause) 是一种状语从句，用来描述主句中发生的动作或状态的原因或理由。这类从句通常由特定的从属连词引导，如“because,” “since,” “as,” 或“for”等，这些连词帮助说明为什么主句中的事件会发生。

| 编号 | 句子                                                                                                                                                                                                                                                                                                                                                                                      |
|----|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 1  | Attitudes towards paternity leave have drastically changed in America in the last five years <b>as more fathers feel comfortable taking extended time off</b> , but gender bias persists when it comes to career prospects and the home , according to a new study of working parents . [根据一项针对职场父母的新研究，在过去五年中，美国人对陪产假的态度发生了巨大变化，越来越多的父亲感到舒适地休长假，但在职业前景和家庭方面，性别偏见依然存在。](2023 年 12 月第二套) |
| 2  | They are right next to each other on the ground floor , <b>since you mentioned in your message that they have trouble with stairs</b> . [他们在一楼紧挨着，因为你在信息中提到他们上下楼梯有困难。](2023 年 12 月第二套)                                                                                                                                                                                                  |
| 3  | In fact , the online world offers kids remarkable opportunities to become literate and creative <b>because young people can now publish ideas not just to their friends , but to the world</b> . [事实上，网络世界为孩子们提供了显著的机会，使他们变得有文化和有创造力，因为年轻人现在不仅可以向朋友发布想法，还可以向全世界发布。](2023 年 12 月第二套)                                                                                                     |
| 4  | Decisions are not about making the choice and braving the consequences <b>because you want to blindly trust your instincts</b> . [决策不是关于做出选择并勇敢面对后果，因为你想盲目地相信自己的直觉。](2023 年 12 月第二套)                                                                                                                                                                                                    |
| 5  | <b>As students participated in interactive activities like group performances and fun party games</b> , the enthusiasm of everyone on site was mobilized , and the party reached its climax . [由于学生们参与到小组表演和有趣的派对游戏等互动活动中，现场所有人的热情被调动起来，派对达到了高潮。](2023 年 12 月第二套)                                                                                                                       |
| 6  | While most financial planners do give numbers , I do n't think that 's useful , <b>as people are living in different areas with different costs of living , and have different needs and wants , which is why I suggest that people aim for</b> . [虽然大多数理财规划师确实提供数字，但我认为这并没有用，因为                                                                                                        |

|    |                                                                                                                                                                                                                                                                                                                                                                                                          |
|----|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
|    | 人们生活在不同的地区，生活成本不同，需求和愿望也不同，这就是为什么我建议人们瞄准。](2023 年 12 月第二套)                                                                                                                                                                                                                                                                                                                                               |
| 7  | Too many people spend their lives working on jobs they hate <b>because they're afraid</b> , so I counsel people to take risks . [太多人因为害怕而在他们讨厌的工作上度过一生，所以我建议人们冒险。](2023 年 12 月第二套)                                                                                                                                                                                                                       |
| 8  | But this should not stop you from taking risks , <b>as risks are necessary if you want your business to succeed</b> . [但是这不应该阻止你冒险，因为如果你想让你的生意成功，冒险是必要的。](2023 年 12 月第二套)                                                                                                                                                                                                                                |
| 9  | <b>Since most people tend to avoid risk</b> , businesses that are brave enough to take risks already have a competitive advantage . [由于大多数人倾向于避免风险，敢于冒险的企业已经拥有了竞争优势。](2023 年 12 月第二套)                                                                                                                                                                                                                    |
| 10 | We will probably have to change where we grow certain crops , <b>as some regions get too hot</b> . [我们可能不得不改变某些作物的种植地点，因为一些地区变得太热了。](2023 年 12 月第二套)                                                                                                                                                                                                                                                     |
| 11 | But eventually , yields will likely suffer <b>because the soil north of Iowa declines in quality — a legacy of glacial expansion</b> . [但最终，产量可能会受到影响，因为爱荷华州以北的土壤质量下降——这是冰川扩展的遗留问题。](2023 年 12 月第二套)                                                                                                                                                                                                     |
| 12 | Some studies indicate that horticulture crops — generally , everything besides staples — may be impacted most severely , <b>largely because they tend to be confined to a smaller geographic area</b> . [一些研究表明，园艺作物——通常指主食以外的所有作物——可能会受到最严重的影响，主要是因为它们往往局限于较小的地理区域。](2023 年 12 月第二套)                                                                                                                    |
| 13 | Female employees consistently pay lower airfares than men do for the same flights <b>because they tend to book earlier</b> . [女性员工为相同航班支付的机票费用通常比男性低，因为她们倾向于更早预订。](2023 年 12 月第二套)                                                                                                                                                                                                                       |
| 14 | I have n't slept enough in months <b>because I have too much work to do</b> , and I feel fine . [我几个月来都没有睡够，因为我有太多工作要做，但我感觉很好。](2023 年 12 月第二套)                                                                                                                                                                                                                                                          |
| 15 | " Some participants were against team - building exercises <b>because they were implicitly compulsory</b> . [一些参与者反对团队建设活动，因为这些活动实际上是强制性的。](2023 年 12 月第二套)                                                                                                                                                                                                                                              |
| 16 | Today , a greater and greater proportion of people living on the streets are there because of bad luck or a series of mistakes , or <b>because the economy forgot them</b> — they lost a job or were evicted or fled an abusive marriage just as the housing market was growing increasingly unforgiving . [今天，越来越多无家可归的人是因为运气不好或一系列错误，或者因为经济遗忘了他们——他们失去了工作或被驱逐，或者在房市变得越来越无情时逃离了虐待性的婚姻。](2023 年 12 月第二套) |
| 17 | Besides , be honest and trustworthy , <b>since it is not only a valuable quality , but also a magic weapon to unite people</b> . [此外，要诚实守信，因为这不仅是一种宝贵的品质，也是团结人们的法宝。](2023 年 12 月第二套)                                                                                                                                                                                                                     |
| 18 | I would have thought America made the best jeans <b>because it's a typical American garment</b> . [我本以为美国制造的牛仔裤是最好的，因为它是一种典型的美国服装。](2023 年 12 月第二套)                                                                                                                                                                                                                                                      |
| 19 | <b>Because people identify so closely with stories</b> , they can imagine how they would have acted in similar circumstances . [因为人们与故事有着如此紧密的联系，他们可以想象自己在类似情况下会如何行动。](2023 年 12 月第二套)                                                                                                                                                                                                                   |

|    |                                                                                                                                                                                                                                                                                                                                                   |
|----|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
|    | 套)                                                                                                                                                                                                                                                                                                                                                |
| 20 | Opinions vary , <b>particularly because viewing habits among consumers continue to evolve</b> . [意见各不相同，特别是因为消费者的观看习惯不断变化。] (2023 年 12 月第二套)                                                                                                                                                                                                      |
| 21 | " Sports generally become popular in some way <b>because they establish a narrative</b> , " Bloom said . [“体育运动通常会以某种方式流行起来，因为它们建立了一个叙事，”布鲁姆说。] (2023 年 12 月第二套)                                                                                                                                                                                  |
| 22 | We ca n't do that <b>because it 's never been done that way . ' "</b> [我们不能那样做，因为从来没有人那样做过。] (2023 年 12 月第二套)                                                                                                                                                                                                                                     |
| 23 | Some childhood development experts believe that time off from school is vital to healthy development <b>as kids are not designed to spend so much of their time inside classrooms and the summer break provides a perfect opportunity to get outside</b> . [一些儿童发展专家认为，放学时间对健康发展至关重要，因为孩子们并不是为了在教室里度过大量时间而设计的，暑假提供了一个外出活动的绝佳机会。] (2023 年 12 月第二套) |
| 24 | They suspected older , more mature students obtained more self - confidence than their peers <b>because they achieved better grades</b> . [他们怀疑年长且更成熟的学生比同龄人获得了更多的自信，因为他们取得了更好的成绩。] (2023 年 12 月第二套)                                                                                                                                              |
| 25 | It also wants to establish a free trade deal across the continent in the near future , <b>as trade within the African continent costs more than any other region</b> . [它还希望在不久的将来在整个非洲大陆建立一个自由贸易协定，因为非洲大陆内部的贸易成本高于其他任何地区。] (2023 年 12 月第二套)                                                                                                      |

### 3.4. 目的状语从句

目的状语从句（purpose adverbial clause）是一种状语从句，用于说明主句中的动作执行的目的或意图。这类从句通常由特定的从属连词引导，如“so that,” “in order that,” 或使用“to”+ 动词原形。

| 编号 | 句子                                                                                                                                                                                                                                                                                                                                                                                                                                              |

| 1  | But they could also indicate that they —— or their agent —— would strategically express anger toward the opponent to gain advantage , or they could opt to convey dissatisfaction with the encounter <b>so that the other party would think they were losing interest</b> . [但他们也可能表明他们——或他们的代理人——会策略性地向对手表达愤怒以获得优势，或者他们可能选择表达对这次会面的不满，以使对方认为他们正在失去兴趣。] (2023 年 12 月第三套)                                                                        |
| 2  | Or they post a photograph on Instagram , have a pleasant conversation with friends and then delete it <b>so that no traces remain</b> . [或者他们在 Instagram 上发布一张照片，与朋友愉快地交谈，然后删除它，这样就不会留下任何痕迹。] (2023 年 12 月第三套)                                                                                                                                                                                                                                  |
| 3  | Carey 's ambitious plan is two - fold : first , change the business model of Formula One , which he said was a " one - man show " under Ecclestone that had a largely narrow vision when it came to negotiating partnership deals ; and second , alter the way fans experience the sport , both in person and remotely , <b>so that connections between the audience and people within the series are easier to make</b> . [凯里的雄心勃勃的计划有两个方面：首先， |

|    |                                                                                                                                                                                                                                                                                                |
|----|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
|    | 改变一级方程式的商业模式，他说在埃克莱斯顿的领导下，这是一场“独角戏”，在谈判合作协议时视野相对狭窄；其次，改变粉丝体验这项运动的方式，无论是现场还是远程，使观众与系列赛中的人之间的联系更加容易。](2023 年 12 月第三套)                                                                                                                                                                            |
| 4  | Meanwhile , they keep the milk , eggs , and other daily basics all the way back <b>so you 'll travel through as much of the store as possible , and be tempted along the way</b> . [与此同时，他们把牛奶、鸡蛋和其他日常必需品放在最里面，这样你就会尽可能多地穿过整个商店，并在途中受到诱惑。](2023 年 12 月第三套)                                     |
| 5  | The Chinese government has been vigorously carrying out compulsory education all the time <b>so that every child can have access to education</b> . [中国政府一直在大力推行义务教育，以确保每个孩子都能接受教育。](2023 年 12 月第三套)                                                                                           |
| 6  | You still need to say " no " to distractions , but you also need to learn to say " no " to opportunities that were previously good uses of time , <b>so you can make space for better uses of time</b> . [你仍然需要对干扰说“不”，但你也需要学会对以前是好时间利用的机会说“不”，以便为更好的时间利用腾出空间。](2023 年 12 月第三套)                |
| 7  | Therefore , relevant training courses should be offered <b>so that librarians can provide better and timely help</b> . [因此，应提供相关的培训课程，以便图书管理员能够提供更好和及时的帮助。](2023 年 12 月第三套)                                                                                                                    |
| 8  | I 'll make a note here on the system for you , <b>so that the payment will be made tomorrow morning</b> . [我会在系统上为你做个记录，这样付款就会在明天早上进行。](2023 年 12 月第三套)                                                                                                                                        |
| 9  | Make sure to bring the audience into the conversation <b>so that it is not one - sided</b> , " Pass says . [一定要让观众参与到对话中，这样它就不会是单方面的，"帕斯说。](2023 年 12 月第三套)                                                                                                                                    |
| 10 | Make sure it 's free of distractions , and for primary school children at least somewhere near you , <b>so you can answer questions and offer encouragement</b> . [确保没有干扰，并且对于小学生来说，至少要在你附近，这样你可以回答问题并提供鼓励。](2023 年 12 月第三套)                                                                   |
| 11 | Women are advised to identify the specific causes of their stress <b>so that steps can be taken to deal with it</b> . [建议女性找出她们压力的具体原因，以便采取措施应对。](2023 年 12 月第三套)                                                                                                                              |
| 12 | And now I think we should prepare some sandwiches and snacks , and some other kinds of food , <b>so that people can just help themselves , rather than getting everyone to sit down at the table to eat a meal</b> . [现在我认为我们应该准备一些三明治和零食，还有其他种类的食物，这样人们就可以自己取食，而不是让所有人坐下来吃饭。](2023 年 12 月第三套) |
| 13 | Maybe we should ask Paul to bring his computer and speakers , <b>so that we can play some music</b> . [也许我们应该让保罗带上他的电脑和音响，这样我们就可以播放一些音乐了。](2023 年 12 月第三套)                                                                                                                                     |
| 14 | I 'd also like it to be small , <b>so that it 's easy to drive in the city</b> . [我也希望它小一些，这样在城市里开起来更方便。](2023 年 12 月第三套)                                                                                                                                                                      |
| 15 | Every day after school , Joe 's dad drives him to the restaurant <b>so he can put his ideas straight on the wall</b> . [每天放学后，乔的爸爸开车送他去餐馆，这样他就可以把他的想法直接写在墙上。](2023 年 12 月第三套)                                                                                                                  |
| 16 | Therefore , businesses need to set up their IT infrastructure <b>so that it is designed to fit in with their employees ' work , rather than adjust their work</b>                                                                                                                              |

|  |                                                                                                                                  |
|--|----------------------------------------------------------------------------------------------------------------------------------|
|  | <b>to fit in with the company's IT limitations</b> . [因此，企业需要建立其 IT 基础设施，使其设计能够适应员工的工作，而不是调整员工的工作以适应公司的 IT 限制。] (2023 年 12 月第三套) |

### 3.5. 结果状语从句

结果状语从句（result adverbial clause）是一种状语从句，用于说明主句中的动作或情况所导致的结果或后果。这类从句通常由特定的从属连词引导，如“so... that,” “such... that” 等，这些连词表明由于前面的情况或动作而导致了后面叙述的结果。

| 编号 | 句子                                                                                                                                                                                                                                                                                                 |
|----|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 1  | This similarity was strong enough <b>that it could be used to predict whether two people were already friends or not</b> . [这种相似性足够强，可以用来预测两个人是否已经是朋友。] (2023 年 12 月第二套)                                                                                                                           |
| 2  | handle my own gold medal so gently <b>that I would not scratch it</b> . " [轻轻地拿着我的金牌，以免刮花它。] (2023 年 12 月第二套)                                                                                                                                                                                      |
| 3  | At last , the problem became so acute — and so visible — <b>that Los Angeles took extraordinary action</b> . [最终，问题变得如此严重——而且如此明显——以至于洛杉矶采取了非常措施。] (2023 年 12 月第二套)                                                                                                                                |
| 4  | They were such strange marvels <b>that , on her first official state visit to the United States in 1957 , Queen Elizabeth II insisted on an impromptu tour of a suburban - Maryland Giant Food</b> . [他们是如此奇特的奇观，以至于在 1957 年首次对美国进行正式国事访问时，伊丽莎白二世女王坚持即兴参观马兰州郊区的一家 Giant Food 超市。] (2023 年 12 月第二套) |
| 5  | They are so used to being right and having quick answers <b>that they do n't even realise when they 're making a mess by answering without thinking things through</b> . [他们已经习惯了总是正确并且快速回答，以至于他们在没有经过深思熟虑就回答时，甚至没有意识到自己在制造混乱。] (2023 年 12 月第二套)                                                   |
| 6  | It 's even harder for smart people because they grow so used to being right all the time <b>that it becomes a part of their identity</b> , " Bradberry wrote . [布拉德伯里写道：“对于聪明人来说，这更难，因为他们习惯了总是正确，这已经成为他们身份的一部分。”] (2023 年 12 月第二套)                                                                 |
| 7  | No , but the train was so packed <b>that I could barely move</b> , and it was difficult to breathe too . [不，但火车上挤得我几乎动不了，呼吸也很困难。] (2023 年 12 月第二套)                                                                                                                                                 |
| 8  | The words " yes " and " no " get so often used in comparison with each other <b>that it feels like they carry equal weight in conversation</b> . [“是”和“不是”这两个词经常被相互比较，以至于在对话中它们似乎具有同等的重要性。] (2023 年 12 月第二套)                                                                                       |
| 9  | " Sometimes you can be so good at something <b>that it causes trouble</b> , " she notes . [“有时候你在某件事上太擅长了，反而会引起麻烦，”她指出。] (2023 年 12 月第二套)                                                                                                                                                          |
| 10 | The babies ' mother commented that they had already prepared room for five babies at home , <b>so they will have to rearrange things for their happy surprise</b> . [婴儿们的母亲说他们已经在家里为五个婴儿准备了房间，所以他们将不得不为这个令人惊喜的消息重新安排。] (2023 年 12 月第二套)                                                            |

|    |                                                                                                                                                                                                                                                                                                                                       |
|----|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 11 | The technology is being adopted so quickly <b>that school districts can not adequately keep up with cheating policies , or even awareness campaigns that alert students to the problem with using technology to find answers in a certain way</b> . [这项技术被采用的速度如此之快，以至于学区无法充分跟上作弊政策，甚至无法进行提醒学生使用技术以某种方式寻找答案问题的宣传活动。] (2023 年 12 月第二套) |
| 12 | At present , some parents are so eager for their children 's success <b>that they tend to follow the example of the peasant , making their children suffer a lot yet seeing no academic progress</b> . [目前，一些家长对孩子的成功如此渴望，以至于他们倾向于效仿那个农民的做法，让孩子吃了很多苦却看不到学业上的进步。] (2023 年 12 月第二套)                                                     |
| 13 | The client 's main desire was to have a home with the unique design , <b>so the architect was given complete freedom</b> . [客户的主要愿望是拥有一个独特设计的家，因此建筑师被赋予了完全的自由。] (2023 年 12 月第二套)                                                                                                                                                      |
| 14 | Obesity , in which excess body fat has accumulated to such an extent <b>that health may be adversely affected</b> , meets the dictionary definition of disease , argues Professor John Wilding . [肥胖症是指体内脂肪过多积累到可能对健康产生不利影响的程度，符合疾病的词典定义，约翰·怀尔丁教授认为。] (2023 年 12 月第二套)                                                                |
| 15 | He believes that the dictionary definition of disease " is so vague <b>that we can classify almost anything as a disease</b> " and says the question is not whether we can , but whether we should , and to what end . [他认为，词典中对疾病的定义“如此模糊，以至于我们几乎可以将任何东西归类为疾病”，并且他说问题不在于我们能否这样做，而在于我们是否应该这样做，以及这样做的目的是什么。] (2023 年 12 月第二套)          |
| 16 | When there are several different assignments , make sure they begin with one they enjoy , <b>so it seems easy to get started</b> . [当有几项不同的作业时，确保他们从喜欢的作业开始，这样开始起来就显得容易。] (2023 年 12 月第二套)                                                                                                                                            |
| 17 | For a time an app developer in America was so busy attending to work and family <b>that she suffered from sleeplessness</b> . [有一段时间，美国的一位应用程序开发人员因为忙于工作和家庭而失眠。] (2023 年 12 月第二套)                                                                                                                                                     |
| 18 | Stress is so normalized <b>that it is easy for women to shrug off those symptoms as simply the consequences of stress</b> . [压力已经如此普遍，以至于女性很容易将这些症状归因于压力的后果。] (2023 年 12 月第二套)                                                                                                                                                        |
| 19 | Curiosity covers such a large set of behaviors <b>that there probably is n't any single " curiosity gene " that makes humans wonder about and explore their environment</b> . [好奇心涵盖了如此广泛的行为，以至于可能没有任何单一的“好奇基因”使人类对他们环境感到好奇并进行探索。] (2023 年 12 月第二套)                                                                                   |
| 20 | The process seems so normal <b>that we sometimes think of it as a natural part of growing up</b> , but it is not . [这个过程看起来如此正常，以至于我们有时认为它是成长的一部分，但事实并非如此。] (2023 年 12 月第二套)                                                                                                                                                          |
| 21 | They rely so heavily on their cellphones <b>that they feel unease once they are not having their cellphones around for more than five minutes</b> . [他们如此依赖手机，以至于一旦手机离开他们超过五分钟就会感到不安。] (2023 年 12 月第二套)                                                                                                                               |
| 22 | Our bike - riding lessons are so successful <b>that we are urgently looking for more volunteers</b> . [我们的骑自行车课程非常成功，因此我们急需更多的志                                                                                                                                                                                                       |

### 3.6. 条件状语从句

条件状语从句（conditional adverbial clause）是一种状语从句，用于表达某个条件必须得到满足，以便主句中的动作或状态能够发生。这种从句通常由特定的从属连词引导，如“if,” “unless,” “as long as,” “provided that” 等，这些连词帮助设置条件或限制，创建一个如果...那么...的逻辑结构。

| 编号 | 句子                                                                                                                                                                                                                                                  |
|----|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 1  | What does the author imply we should do <b>if we have to focus on some task and do it well</b> ? [作者暗示如果我们必须专注于某项任务并做好它，我们应该怎么做？] (2023 年 12 月第二套)                                                                                                  |
| 2  | And <b>if you need any help to find transportation for the whole family</b> , we can definitely recommend someone for you . [如果您需要帮助为全家找到交通工具，我们绝对可以为您推荐合适的人。] (2023 年 12 月第二套)                                                                     |
| 3  | What happens <b>if a mere acquaintance enters our intimate space</b> ? [如果一个普通的熟人进入我们的亲密空间会发生什么？] (2023 年 12 月第二套)                                                                                                                                  |
| 4  | So <b>if you use a ton of social media</b> , do you become unable , or unwilling , to engage in face - to - face contact ? [那么，如果你大量使用社交媒体，你会变得无法或不愿意进行面对面的交流吗？] (2023 年 12 月第二套)                                                                   |
| 5  | <b>If we 're lucky</b> , the legal environment will change to make teenagers ' online lives less likely to haunt them later on . [如果我们幸运的话，法律环境将会改变，使青少年的网络生活不太可能在以后困扰他们。] (2023 年 12 月第二套)                                                         |
| 6  | But with its extreme usability comes a complication : what do you do <b>if you strongly feel something should not be done</b> , even if the data insists that it should ? [但是，极高的可用性也带来了一个复杂的问题：如果你强烈认为某件事不应该做，即使数据坚持认为应该做，你该怎么办？] (2023 年 12 月第二套) |
| 7  | What should people do in a decision - making process <b>if instincts disagree with data</b> ? [在决策过程中，如果直觉与数据不一致，人们应该怎么做？] (2023 年 12 月第二套)                                                                                                         |
| 8  | It 's just a little swollen and I should be fine for next Saturday <b>if you still want to go for a jog then</b> . [只是有点肿，如果你下周六还想去跑步的话，我应该没问题。] (2023 年 12 月第二套)                                                                                   |
| 9  | Retirement does n't have to be permanent , and <b>if people need to</b> , they can go back to work . [退休不一定是永久的，如果人们需要，他们可以重新工作。] (2023 年 12 月第二套)                                                                                                  |

|    |                                                                                                                                                                                                                  |
|----|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 10 | True , but <b>if you keep current with your skills</b> , you will be attracted to employers . [确实如此，但如果你保持技能的更新，你会吸引雇主的注意。] (2023 年 12 月第二套)                                                                     |
| 11 | But this should not stop you from taking risks , as risks are necessary <b>if you want your business to succeed</b> . [但是这不应该阻止你冒险，因为如果你想让你的生意成功，冒险是必要的。] (2023 年 12 月第二套)                                       |
| 12 | But for as long <b>as you want to stay safe</b> , and for as long as you are content with where your business is right now , you will never find out . [但是只要你想保持安全，只要你对目前的业务状况感到满意，你就永远不会发现。] (2023 年 12 月第二套)   |
| 13 | But for as long as you want to stay safe , and for as long <b>as you are content with where your business is right now</b> , you will never find out . [但是只要你想保持安全，只要你对目前的业务状况感到满意，你就永远不会发现。] (2023 年 12 月第二套)   |
| 14 | But <b>if we ca n't find ways to protect other foods</b> , will they survive climate change ? [但是如果我们找不到保护其他食物的方法，它们能在气候变化中存活吗？] (2023 年 12 月第二套)                                                                |
| 15 | " <b>If predictions for the end of the century are true</b> , though , I think a lot of agricultural areas in the US will see significant hits . " [如果对本世纪末的预测成真，我认为美国的许多农业区将受到重大打击。] (2023 年 12 月第二套)           |
| 16 | " High quality chocolate will be less available in the future , and <b>if you want it</b> , you 'll have to pay a lot more for it , " Jarvis says . [贾维斯说：“未来高质量的巧克力将会变得更少，如果你想要，你将不得不支付更多的钱。”] (2023 年 12 月第二套) |
| 17 | " I would cry <b>if that happened to me</b> , " said another athlete , Naohisa Takato . "I [“如果那件事发生在我身上，我会哭的，”另一位运动员高藤直寿说道。] (2023 年 12 月第二套)                                                                   |
| 18 | For <b>if you nap properly</b> , it 's like waking up from a full night 's sleep , and you can double your day 's worth of concentration . [如果你正确地小睡一下，就像从一整夜的睡眠中醒来一样，你可以将一天的注意力翻倍。] (2023 年 12 月第二套)            |
| 19 | " <b>If you want the good stuff , the quality</b> , you have to see it for yourself , " he said . [“如果你想要好的东西，质量好的，你必须亲自去看一看，”他说。] (2023 年 12 月第二套)                                                              |
| 20 | So <b>if you have a disagreement with a securely attached person</b> , they 're not going to panic . [所以如果你和一个安全依恋的人有分歧，他们不会惊慌。] (2023 年 12 月第二套)                                                                |
| 21 | The snake may be taken to a local zoo for care <b>if the owner does not come forward</b> . [如果主人不出现，这条蛇可能会被送到当地的动物园进行照料。] (2023 年 12 月第二套)                                                                       |
| 22 | We 'd like to avoid the crowds <b>if possible</b> . [我们想尽量避开人群。] (2023 年 12 月第二套)                                                                                                                                |
| 23 | <b>If we stop children using phones</b> , we 're rejecting something they care about . " [如果我们阻止孩子们使用手机，我们就是在拒绝他们关心的东西。] (2023 年 12 月第二套)                                                                        |
| 24 | <b>If I 'm caught with it in my pocket</b> , I will be subject to disciplinary procedure , which will impact on my career . [如果我被发现口袋里有它，我将面临纪律处分，这将影响我的职业生涯。] (2023 年 12 月第二套)                                  |
| 25 | For example , <b>if your groom 's name is John Smith and your name is Kate</b>                                                                                                                                   |

|    |                                                                                                                                                                                                                     |
|----|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
|    | <b>Jones</b> , you would name yourself Kate Jones - Smith or Kate Smith - Jones . [例如，如果你丈夫的名字是约翰·史密斯，而你的名字是凯特·琼斯，你可以把自己的名字改为凯特·琼斯-史密斯或凯特·史密斯-琼斯。] (2023 年 12 月第二套)                                                 |
| 26 | <b>If you care about outside opinions on your name</b> , you should know that a large portion of today 's society is annoyed by the hyphenated name . [如果你在意别人对你名字的看法，你应该知道当今社会有很大一部分人对连字符名字感到厌烦。] (2023 年 12 月第二套) |
| 27 | The owner has two weeks to collect the cash , which is then returned to the finder <b>if not claimed</b> , according to Peterlee Police . [根据彼得利警方的说法，失主有两周时间领取现金，如果无人认领，现金将归还给发现者。] (2023 年 12 月第二套)               |
| 28 | What do the local police do with the money <b>if not claimed in two weeks</b> ? [如果两周内无人认领，当地警方会怎么处理这笔钱？] (2023 年 12 月第二套)                                                                                          |
| 29 | You take a taxi <b>if you really have to</b> . [如果你真的必须的话，你可以打车。] (2023 年 12 月第二套)                                                                                                                                  |
| 30 | <b>Not if you use a ride sharing app</b> . [如果你使用拼车应用程序的话，就不会。] (2023 年 12 月第二套)                                                                                                                                    |
| 31 | <b>If you are thinking to try color on some of your neutral walls</b> , the advice is refreshingly simple : Choose a color you actually like . [如果你打算在一些中性色的墙上尝试颜色，建议非常简单：选择你真正喜欢的颜色。] (2023 年 12 月第二套)             |
| 32 | <b>If you 're weary of full color</b> , test your tolerance with smaller spaces , such as the inside of a cupboard or a bright window frame . [如果你对全彩感到厌倦，可以在较小的空间里测试你的耐受力，比如橱柜内部或明亮的窗框。] (2023 年 12 月第二套)          |
| 33 | <b>If it gives you joy every time you open the cupboard</b> , you can start to take it further . [如果每次打开橱柜都会让你感到快乐，你就可以进一步发展。] (2023 年 12 月第二套)                                                                     |
| 34 | <b>But if the benefits of saying " no " are so obvious</b> , then why do we say " yes " so often ? [但是，如果说“不”的好处如此明显，那么我们为什么这么频繁地说“是”呢？] (2023 年 12 月第二套)                                                           |
| 35 | He writes , " Remind your superiors what you would be neglecting <b>if you said ' yes '</b> and force them to deal with the trade - off . [他写道：“提醒你的上司，如果你说‘是’，你将忽视什么，并迫使他们处理权衡取舍的问题。”] (2023 年 12 月第二套)            |
| 36 | For example , <b>if your manager comes to you and asks you to do X</b> , you can respond with ' Yes , I 'm happy to make this the priority . [例如，如果你的经理来找你并要求你做 X，你可以回答说“是的，我很乐意将这作为优先事项。”] (2023 年 12 月第二套)        |
| 37 | <b>And if that is the case</b> , elimination is a more useful skill than optimization . [如果是这样的话，消除比优化更有用。] (2023 年 12 月第二套)                                                                                        |
| 38 | The vast island usually locks away enough fresh water in its ice sheet , which <b>if melted</b> can raise global sea levels by six meters . [这片广阔的岛屿通常在其冰盖中储存了足够的淡水，如果这些冰融化，全球海平面将上升六米。] (2023 年 12 月第二套)           |
| 39 | What do we need to do <b>if we keep consuming fish at the current rate</b> ? [如果我们继续以目前的速度消耗鱼类，需要做什么？] (2023 年 12 月第二套)                                                                                             |

|    |                                                                                                                                                                                                |
|----|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 40 | But you can get 25% off <b>if you sign up in advance</b> . [但是如果你提前报名，可以享受 75 折优惠。] (2023 年 12 月第二套)                                                                                           |
| 41 | This confirms that even with a lack of resources , <b>if a country has strong women 's rights</b> , the health outcomes are better . [这证实了即使资源匮乏，如果一个国家拥有强大的女性权利，健康结果也会更好。] (2023 年 12 月第二套)   |
| 42 | Their people still have better health <b>if women 's rights are respected</b> . [如果尊重女性的权利，他们的人民仍然会有更好的健康状况。] (2023 年 12 月第二套)                                                                 |
| 43 | But <b>if it heats up to 40 to 41 degrees</b> , you may find yourself getting heatstroke . [但如果温度升高到 40 到 41 度，你可能会中暑。] (2023 年 12 月第二套)                                                       |
| 44 | So <b>if you have a left - handed child</b> , you should encourage them to play table tennis , baseball and tennis . [所以如果你有一个左撇子孩子，你应该鼓励他们打乒乓球、棒球和网球。] (2023 年 12 月第二套)                       |
| 45 | Students may no longer be qualified for financial aid <b>if they perform poorly in school or if their family income has increased</b> . [如果学生在学校表现不佳或家庭收入增加，他们可能不再有资格获得经济资助。] (2023 年 12 月第二套) |
| 46 | Students may no longer be qualified for financial aid if they perform poorly in school or <b>if their family income has increased</b> . [学生如果在学校表现不佳或家庭收入增加，可能不再有资格获得经济资助。] (2023 年 12 月第二套)   |

### 3.7. 让步状语从句

让步状语从句（concessive adverbial clause）是一种状语从句，用来表达某种对比或对主句内容的让步（即尽管存在某种情况，主句表述的情况仍然成立）。这种从句通常由特定的从属连词引导，如“although,” “though,” “even though,” “while,” 和“whereas”等，这些连词表达了一种尽管有...但仍然...的关系。

| 编号 | 句子                                                                                                                                                                                                                                                                                     |
|----|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 1  | <b>While about 75 % of employees said both genders should give the same amount of care</b> , the majority of men and nearly half of women admitted that in reality the female actually did most of it . [虽然大约 75%的员工表示两性应该给予同等的照顾，但大多数男性和近一半的女性承认，实际上大部分照顾工作是由女性承担的。] (2023 年 12 月第二套) |
| 2  | <b>While outperforming your rivals may provide short - term benefits</b> , the loss of your integrity will have long - term consequences . [尽管胜过你的对手可能带来短期利益，但失去诚信将会有长期的后果。] (2023 年 12 月第二套)                                                                                          |
| 3  | However , the study showed participants ' mental health improved <b>even if their reported diet did not change after completing the program</b> . [然而，研究表明，即使参与者报告的饮食在完成该项目后没有改变，他们的心理健康也有所改善。] (2023 年 12 月第二套)                                                                       |
| 4  | Students now write longer and more complex essays than their counterparts in previous decades <b>while the error rates remain unchanged</b> . [现在的学生写的文章比前几代学生的文章更长、更复杂，而错误率保持不变。] (2023 年 12 月第二套)                                                                                    |

|    |                                                                                                                                                                                                                                                                                                                                                                         |
|----|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 5  | But <b>even when these accounts touch on real concerns</b> , they do not really reflect the great mass of everyday teenage social behaviour : the online chat , the texting , the surfing , and the emergence of a new teenage sphere that is conducted digitally . [但是，即使这些说法涉及到真实的问题，它们也并没有真正反映出日常青少年社交行为的巨大群体：在线聊天、发短信、上网冲浪，以及一个以数字方式进行的新青少年领域的出现。] (2023 年 12 月第二套) |
| 6  | <b>Although he only had three dollars in his wallet</b> , at least he was driving in the right direction . [尽管他钱包里只有三美元，但至少他在朝着正确的方向开车。] (2023 年 12 月第二套)                                                                                                                                                                                                               |
| 7  | <b>While there 's plenty of drama and messiness online</b> , it is not , for most teens , a cycle of non - stop abuse : a Pew study found only 15 % of teens said someone had bullied them online in the last 12 months . [虽然网上有很多戏剧性和混乱的事情，但对大多数青少年来说，这并不是一个不停滔滔不绝的虐待循环：皮尤研究中心发现，只有 15%的青少年表示在过去 12 个月里有人在网上欺负过他们。] (2023 年 12 月第二套)                                   |
| 8  | It was surely a disadvantage <b>though not considered fatal</b> . [这确实是一个劣势，尽管不被认为是致命的。] (2023 年 12 月第二套)                                                                                                                                                                                                                                                               |
| 9  | But with its extreme usability comes a complication : what do you do if you strongly feel something should not be done , <b>even if the data insists that it should</b> ? [但是，极高的可用性也带来了一个复杂的问题：如果你强烈认为某件事不应该做，即使数据坚持认为应该做，你该怎么办？] (2023 年 12 月第二套)                                                                                                                     |
| 10 | <b>While most financial planners do give numbers</b> , I do n't think that 's useful , as people are living in different areas with different costs of living , and have different needs and wants , which is why I suggest that people ai m for . [虽然大多数理财规划师确实提供数字，但我认为这并没有用，因为人们生活在不同的地区，生活成本不同，需求和愿望也不同，这就是为什么我建议人们瞄准。] (2023 年 12 月第二套)                            |
| 11 | Nobody can really be sure if risks will be met with success , no matter <b>how calculated they may be</b> . [没有人能真正确定风险是否会成功，无论它们多么经过精心计算。] (2023 年 12 月第二套)                                                                                                                                                                                                            |
| 12 | Some people might find a romantic scene touching , for instance , <b>while others would feel it was embarrassing</b> . [有些人可能会觉得浪漫的场景很感人，而另一些人则会觉得尴尬。] (2023 年 12 月第二套)                                                                                                                                                                                                 |
| 13 | <b>Although farms in the US can move a bit northward</b> , crop yields may decrease . [尽管美国的农场可以稍微向北移动，农作物产量可能会减少。] (2023 年 12 月第二套)                                                                                                                                                                                                                                    |
| 14 | " <b>Even if overall food production may be unaffected</b> , food security can still be impacted , " says Margaret Walsh , a scientist at the US Department of Agriculture 's Climate Change Program Office . [“即使整体粮食产量可能不受影响，粮食安全仍然会受到影响，”美国农业部气候变化项目办公室的科学家玛格丽特·沃尔什说。] (2023 年 12 月第二套)                                                                              |
| 15 | In other words , <b>even if a certain food is still grown on some corner of the Earth</b> , it does n't mean that everyone will continue to have the same degree of access as today . [换句话说，即使某种食物仍然在地球的某个角落种植，也不意味着每个人都会像今天一样继续拥有相同程度的获取途径。] (2023 年 12 月第二套)                                                                                                          |
| 16 | " What 's common to all studies is the finding that extreme heat is                                                                                                                                                                                                                                                                                                     |

| 41 | <b>Though it is difficult and embarrassing</b> , students should make inquiries about what fees they have to pay and why. [尽管这很困难和尴尬，学生们还是应该询问他们需要支付哪些费用以及为什么。](2023 年 12 月第二套)                                                                                          |
| 42 | <b>Even if your school offers a flat - rate fee for a doctor 's appointment at the student health center</b> , these fees often do not include extra fees for lab tests or prescription medications. [即使你的学校在学生健康中心提供固定费用的医生预约，这些费用通常不包括实验室测试或处方药的额外费用。](2023 年 12 月第二套) |
| 43 | We did not know to ask —— and the school did not readily point out —— that <b>even if tuition rises</b> , my financial aid package will stay the same. [我们不知道要问——而学校也没有主动指出——即使学费上涨，我的经济援助方案也会保持不变。](2023 年 12 月第二套)                                                     |

### 3.8. 比较状语从句

比较状语从句 (comparative adverbial clause) 是一种状语从句，用于表达两个事物或情况之间的比较。这种从句通常通过使用比较连词如“than,” “as...as,” 或者其他形式的比较表达，来设置比较的基础。比较状语从句可以用来对比数量、程度、性质等不同方面，从而提供清晰的相对关系，并帮助理解所比较对象的差异或相似性。

| 编号 | 句子                                                                                                                                                                                                                                                                                                                  |
|----|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 1  | Sarah Godfrey, who is organizing Wilbur 's party, told the local newspaper, " Wilbur is part of our lives, <b>as he is for everyone who lives in the village</b> ." [莎拉·戈弗雷正在组织威尔伯的聚会，她告诉当地报纸：“威尔伯是我们生活的一部分，就像他是村里每个人生活的一部分一样。”](2023 年 12 月第二套)                                                                    |
| 2  | When you look at today 's digital activity, the facts are much more positive <b>than you might expect</b> . [当你观察今天的数字活动时，事实比你预期的要积极得多。](2023 年 12 月第二套)                                                                                                                                                            |
| 3  | As they gain experience with living online, they begin to adjust their behaviour, struggling with new communication skills, <b>as they do in the real world</b> . [随着他们在网上生活的经验增加，他们开始调整自己的行为，像在现实世界中一样，努力适应新的沟通技巧。](2023 年 12 月第二套)                                                                                |
| 4  | They are nowhere near as popular <b>as they used to be when we were children</b> . [他们远不如我们小时候那样受欢迎。](2023 年 12 月第二套)                                                                                                                                                                                               |
| 5  | " The more <b>you reduce</b> , the shorter the supply, and the higher the price will jump, " Schlenker says. [“你减少得越多，供应就越短缺，价格就会涨得越高，”施伦克说。](2023 年 12 月第二套)                                                                                                                                                       |
| 6  | Jarvis and his colleagues also found that, over the past five decades, the world has seen an increasing standardisation of diets ; the foods we eat globally today are 36 % more similar <b>than they were in 1961</b> . [贾维斯和他的同事们还发现，在过去的五十年里，世界的饮食标准化程度不断提高；我们今天在全球范围内食用的食物比 1961 年时相似度增加了 36%。](2023 年 12 月第二套) |

|    |                                                                                                                                                                                                                                                                                                                    |
|----|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 7  | Female employees consistently pay lower airfares <b>than men do for the same flights</b> because they tend to book earlier . [女性员工为相同航班支付的机票费用通常比男性低，因为她们倾向于更早预订。] (2023 年 12 月第二套)                                                                                                                                |
| 8  | The beach was not as nice or beautiful <b>as it should be</b> . [海滩没有它应有的那么好或美丽。] (2023 年 12 月第二套)                                                                                                                                                                                                                 |
| 9  | I 'm not so sure that sleep is nearly as important <b>as people always say it is</b> . [我不太确定睡眠是否像人们常说的那样重要。] (2023 年 12 月第二套)                                                                                                                                                                                     |
| 10 | Well , the research I ve read shows that sleep is probably even more important <b>than we thought</b> , and that not having enough sleep can contribute to serious health Problems like obesity and heart disease . [嗯，我读过的研究表明，睡眠可能比我们想象的更重要，缺乏足够的睡眠可能会导致肥胖和心脏病等严重的健康问题。] (2023 年 12 月第二套)                        |
| 11 | Sleep may be more important <b>than people assumed</b> . [睡眠可能比人们想象的更重要。] (2023 年 12 月第二套)                                                                                                                                                                                                                         |
| 12 | Los Angeles ' homeless condition is deteriorating faster <b>than many people predict</b> . [洛杉矶的无家可归状况恶化得比许多人预期的更快。] (2023 年 12 月第二套)                                                                                                                                                                              |
| 13 | They find it no more scaring <b>than it appears</b> . [他们觉得这并不像看起来那么吓人。] (2023 年 12 月第二套)                                                                                                                                                                                                                          |
| 14 | " Other <b>than they 're both cars</b> , the Nascar fan base is a very different fan base , " Carey said . [“除了它们都是汽车之外，纳斯卡的粉丝群体是一个非常不同的粉丝群体，”凯里说。] (2023 年 12 月第二套)                                                                                                                                               |
| 15 | Teachers and students experience a closer relationship in year - round schools <b>than they do in traditional schools</b> and , in the absence of any long - term break , students do not feel detached from the school environment . [教师和学生在全年制学校中比在传统学校中体验到更紧密的关系，并且由于没有任何长期的假期，学生不会感到与学校环境脱节。] (2023 年 12 月第二套) |
| 16 | They eat more fruit <b>than they used to</b> . [他们现在吃的水果比以前多。] (2023 年 12 月第二套)                                                                                                                                                                                                                                    |
| 17 | Birthday reminders can be helpful , but I kind of worry I wo n't be able to drum up my own day and show it to look as exciting <b>as it is supposed to be</b> . [生日提醒可能会有帮助，但我有点担心我不能把自己的生日搞得像预期那样令人兴奋。] (2023 年 12 月第二套)                                                                                          |
| 18 | Parenting brings fathers more joy <b>than it does mothers</b> , according to a new study . [根据一项新的研究，育儿给父亲带来的快乐比母亲更多。] (2023 年 12 月第二套)                                                                                                                                                                            |
| 19 | More effort is wasted doing things that do n't matter <b>than is wasted doing things inefficiently</b> . [更多的努力浪费在做无关紧要的事情上，而不是低效地做事情。] (2023 年 12 月第二套)                                                                                                                                                           |
| 20 | It raises more fish <b>than caught from the wild</b> . [它养殖的鱼比从野外捕捞的还多。] (2023 年 12 月第二套)                                                                                                                                                                                                                          |
| 21 | That means that not only is the ice melting very fast , it has more time to melt this summer <b>than it would in a normal climate system</b> . [这意味着不仅冰在快速融化，而且在这个夏天它比在正常气候系统中有更多的时间融化。] (2023 年 12 月第二套)                                                                                                          |
| 22 | Students are able to highlight and edit text , write notes and search for information much more quickly <b>than they can with printed textbooks</b> . [学生能够比使用印刷教材更快地突出和编辑文本、写笔记以及搜索信息。]                                                                                                                           |

|    |                                                                                                                                                      |
|----|------------------------------------------------------------------------------------------------------------------------------------------------------|
|    | (2023 年 12 月第二套)                                                                                                                                     |
| 23 | Many cultures place a much greater value on the spoken word <b>than the American working culture does</b> . [许多文化比美国的工作文化更重视口头表达。] (2023 年 12 月第二套)  |

| 25 | Painting a house involves more trouble <b>than she thought</b> . [给房子刷漆比她想象的要麻烦得多。] (2023 年 12 月第二套)                                                 |
| 26 | Initially , kids learn numbers <b>much like they learn letters</b> . [最初，孩子们学习数字就像他们学习字母一样。] (2023 年 12 月第二套)                                        |
| 27 | The longer <b>the tea is brewed</b> , the better it tastes . [茶泡得越久，味道越好。] (2023 年 12 月第二套)                                                          |

### 3.9. 方式状语从句

方式状语从句 (manner adverbial clause) 是一种状语从句，用于描述动作执行的方式或样式。这类从句经常通过使用特定的从属连词如“as,” “as if,” “as though” 等引导，表达了动作执行的具体情况或方式。

| 编号 | 句子                                                                                                                                                                                                                    |
|----|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 1  | The dancers move in harmony <b>as they imitate the animal 's natural movements in the wild , including the aggressiveness of an attack</b> . [舞者们和谐地移动，模仿动物在野外的自然动作，包括攻击时的凶猛。] (2023 年 12 月第一套)                       |
| 2  | <b>As investor Pedro Sorrentino put it</b> , " If you do n't guard your time , people will steal it from you . " [正如投资者佩德罗·索伦蒂诺所说：“如果你不保护你的时间，人们就会从你那里偷走它。”] (2023 年 12 月第一套)                                         |
| 3  | Well , I could come and go <b>as I please</b> , as long as I was getting the work done . [好吧，只要我完成工作，我就可以随意进出。] (2023 年 12 月第一套)                                                                                      |
| 4  | Another , funded by Quaker Oats , concluded , <b>as a Daily Mail story put it</b> , that " hot oatmeal breakfast keeps you full for longer . " [另一项由桂格燕麦公司资助的研究得出结论，正如《每日邮报》报道所说，“热燕麦早餐让你更长时间感到饱腹。”] (2023 年 12 月第一套) |
| 5  | When IT is operating <b>as it should</b> , employee self - confidence swells . [当信息技术正常运行时，员工的自信心会增强。] (2023 年 12 月第一套)                                                                                               |
| 6  | They continued to behave <b>as they did in the beginning</b> . [他们继续像一开始那样行事。] (2023 年 12 月第一套)                                                                                                                       |
| 7  | " I followed my route <b>like I normally do</b> , " Smith told a reporter . [“我像平常一样走我的路线，”史密斯告诉一位记者。] (2023 年 12 月第一套)                                                                                               |
| 8  | However , it 's also important to realize that not all of your plans will turn out <b>exactly as you wish</b> . [然而，同样重要的是要意识到，并不是所有的计划都会如你所愿。] (2023 年 12 月第一套)                                                      |

## 4. 学习更多真题从句请到晓语助手 (免费刷题)

晓语助手能自动识别单词在语境中的含义和回答用户关于句子的语法问题，帮助用户轻松地深刻理解遇到的生词和长难句。通过阅读记忆单词和学习语法是非常有效的英语学习方法，但之后对遇到的生词和不熟悉的语法稍加巩固能达到事半功倍的效果。基于这样的理念，用户查询过的单词和分析过的句子会被自动放进生词本和生句本，方便用户之后复习巩固。

另外，晓语助手还是一款大学英语四六级和考研英语备考工具。我们提供了历年真题，并支持正文和题目分屏滑动、核对答案，让用户能轻松地在线做题。针对单词，晓语助手提供了单词的词频和每个含义的义频，让用户能针对性记忆重要单词和词义。针对听力，支持正常播放、单篇循环和单句循环模式，让用户既能通过泛听，也能通过精听来练习听力。结合晓语助手自动识别单词在语境中的含义和回答用户关于句子的语法问题的能力，用户甚至能在一天内就读完历年真题，在考试地最后阶段进行高效地冲刺。

大学英语四级考试2023年03月真题 (第一套)

编者注: 2023年3月四级考试共考了一套听力、一套阅读、三篇写作和三篇翻译, 请读者知悉

句子分析

点击成分, 可追问细节

陈述句

Write an account of the seminar and summarize what you have learned from it

介词短语

of the seminar

从句

what you have learned from it

介词短语

from it

U (名词从句) what you have learned from it 的类型?

宾语从句

宾语从句

名词在句子里可以充当宾语, 同样, 可以把一个完整的句子当作名词来使用, 它也在另一个句子中充当宾语的成分, 于是便构成了宾语从句。  
宾语从句在复合句中可作及物动词的宾语, 也可作介词和某些形容词的宾语。在特定条件下, 可用it作形式宾语, 将宾语从句移至句末。  
**1 在及物动词后作宾语**  
例句:  
I've learned **that everyone you meet deserves to be greeted with a smile.**  
I've learned **that there's nothing sweeter than sleeping with your babies and feeling their**
